How to Call a Jordanian Number from the USA: Complete Guide for International Calling

Calling a Jordanian number from the United States is simple when you understand the correct international dialing format, the country code for Jordan, and the most affordable calling options available for American residents and businesses (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Many people search for terms like *call Jordan from USA*, *Jordan country code dialing*, *international calling USA to Jordan*, and *how to dial +962 from the United States* because global communication is now essential for family connections, travel planning, and international business communication (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

The most important thing to know is that every international phone call follows a specific dialing structure that includes the US exit code, the Jordan country code, and the local Jordan phone number (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 When dialing internationally from the United States, the exit code **011** tells the phone carrier that the call is leaving the country and connecting to a global telephone network (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

After entering the US exit code, you must dial the **Jordan country code +962**, which directs the call to Jordan's national telecommunications system and ensures the connection reaches the correct country (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 This step is critical when placing an international call because every country has a unique dialing code used worldwide for routing calls efficiently (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Once you enter the Jordan country code, you then dial the city code or mobile prefix followed by the local phone number of the person or organization you want to reach in Jordan (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Popular cities like Amman, Aqaba, and Irbid each have specific area codes that help the call reach the right region inside Jordan (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

The standard international dialing format for calling Jordan from the USA therefore looks like this: **011 + 962 + area code + local phone number** and this structure works for both landline and mobile connections (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Understanding this simple formula allows anyone in the United States to connect with Jordan quickly without confusion about international dialing procedures (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Many Americans regularly search online for **cheap international calls to Jordan**, **best way to call Jordan from USA**, and **low cost international dialing plans** because international phone charges can vary depending on the service provider and calling method used (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Choosing the right option can significantly reduce the cost of long distance communication while maintaining clear voice quality (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Traditional landline international dialing through a major US telecom carrier is one method for calling Jordan, and it usually offers reliable call quality with stable connectivity across long distances (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 However, standard international rates through landline providers may be higher than internet-based calling solutions if you do not have a specialized international calling plan activated (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Another popular option is using **international calling apps**, which allow Americans to connect with contacts in Jordan through internet-based voice communication platforms (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Apps such as WhatsApp, Skype, and other VoIP services are commonly used because they provide affordable or sometimes free calling when both people use the same platform and have an internet connection (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Voice over Internet Protocol technology, commonly known as **VoIP international calling**, converts voice signals into digital data that travel through the internet rather than traditional phone networks (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 This technology has become extremely popular for international communication because it often delivers lower costs, high quality sound, and flexible calling options for individuals and businesses in the United States (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Businesses in the United States frequently need to contact partners, clients, or service providers in Jordan, especially in sectors such as tourism, technology services, import export trade, and education programs (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Because of this demand, many companies invest in global communication platforms designed specifically for international business calls and remote collaboration across countries (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Another effective method for reaching Jordan from the United States is using prepaid international calling services that provide discounted rates for specific countries including Jordan (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 These services usually work by dialing a local US access number first and then

entering the Jordan phone number you want to contact
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

When dialing a mobile phone in Jordan from the United States, the process remains almost identical to calling a landline number because the main difference is simply the mobile prefix used in the Jordanian phone system (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Most Jordanian mobile numbers begin with prefixes such as 77, 78, or 79 depending on the telecommunications provider operating the network (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Time zone differences are another important factor to consider when calling Jordan from the United States because Jordan operates in the Eastern European Time zone which is several hours ahead of most US regions (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Planning calls during convenient hours ensures the person receiving the call is available and helps maintain smooth international communication (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Many people in the United States who have family roots in the Middle East frequently call Jordan to stay connected with relatives and maintain cultural relationships across continents (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Reliable international calling options make it easier for families to communicate regularly despite geographic distance and time differences
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Students studying abroad programs, researchers, and academic institutions also rely heavily on international phone calls between the United States and Jordan to coordinate educational activities and collaborative projects (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Effective communication tools play an important role in supporting global education and international partnerships
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Travelers planning trips to Jordan often call hotels, tour agencies, and transportation providers in advance to arrange reservations and confirm travel details before departure from the United States (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Knowing how to dial Jordan correctly helps travelers gather accurate information and prepare for their international journey with confidence
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Another important tip for successful international calling is verifying the full Jordan phone number before dialing because even a single missing digit can prevent the call from connecting correctly (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Double checking the country code, area code, and local number ensures the call routes properly through the international telephone network (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Some American telecom carriers offer dedicated **international calling plans for Jordan**, which include discounted rates for frequent calls to Middle Eastern countries (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Subscribing to one of these plans can significantly reduce long distance charges if you communicate with Jordan regularly for personal or professional reasons (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Internet calling services also allow users to purchase credit specifically for calling international landlines and mobile numbers in Jordan without requiring the recipient to install any application (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 This hybrid method combines the convenience of internet communication with the reliability of traditional phone connectivity (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Clear audio quality during international calls depends on several factors including internet speed, network stability, and the telecommunications infrastructure used by both callers (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Choosing a trusted communication provider helps ensure that conversations remain smooth without interruptions or signal issues during the call (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Privacy and security are also important considerations when making international calls because personal conversations and business discussions should remain confidential (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Many modern communication platforms include encryption features designed to protect voice data and safeguard sensitive information shared during global calls (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

As technology continues to evolve, international calling between the United States and Jordan has become faster, cheaper, and more accessible than ever before for individuals and organizations worldwide (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584 Understanding the dialing structure, country code, and available calling solutions ensures that anyone can connect with Jordan efficiently

from anywhere in the United States (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

Frequently Asked Questions (FAQs)

1. How do I call Jordan from the USA
To call Jordan from the United States, dial 011 which is the US exit code, then dial the Jordan country code 962, followed by the city or mobile code and the local phone number to complete the international call connection (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

2. What is the country code for Jordan
The international country code for Jordan is +962 and it must be dialed after the US exit code when placing a call from the United States to ensure the call routes correctly to Jordan's national telephone network (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

3. What is the exit code for the United States
The exit code for making international calls from the United States is 011 and it signals that the call is leaving the US and connecting to another country through the global telecommunications system (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

4. Can I call Jordan using a mobile phone
Yes you can call Jordan from a US mobile phone by dialing 011 followed by 962 and the Jordan phone number which allows your mobile carrier to route the call internationally (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

5. Are internet calling apps useful for calling Jordan
Internet calling apps are widely used for communication between the USA and Jordan because they allow voice calls through data connections which often reduces international calling costs (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

6. What is the cheapest way to call Jordan from the USA
The most affordable option often involves VoIP services or international calling plans that provide reduced rates for calls from the United States to Jordan (US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

7. Do Jordan mobile numbers have specific prefixes
Yes many mobile numbers in Jordan begin with prefixes such as 77, 78, or 79 which indicate the telecommunications provider operating the mobile network

(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

8. Can businesses in the US call Jordan easily
Businesses can easily contact partners or clients in Jordan by using international dialing codes, VoIP communication platforms, or dedicated business calling systems
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

9. Do time zone differences affect calls to Jordan
Yes Jordan operates several hours ahead of the United States depending on the region so scheduling calls at appropriate times helps ensure successful communication
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

10. Can travelers call hotels in Jordan from the US
Travelers often call hotels or tourism services in Jordan from the United States to confirm reservations and arrange travel details before their international trip
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

11. Is VoIP good for international calls
VoIP technology allows voice communication through the internet which can deliver lower costs and reliable call quality for international communication between countries
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

12. Do I need a special phone to call Jordan
No special device is required because any landline or mobile phone that supports international dialing can connect to Jordan using the correct country code
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

13. Can I save Jordan numbers in international format
Saving numbers with the +962 country code in your phone contacts helps simplify calling Jordan because the correct dialing format is already stored
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

14. Why is the country code important
Country codes ensure that global telecommunications systems route calls to the correct nation which makes them essential for successful international dialing
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

15. Do international calls cost more

International calls can cost more than domestic calls depending on the service provider and calling method used by the caller in the United States
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

16. Can I call Jordan for business communication

Many American companies communicate with partners and clients in Jordan through international calls to coordinate services, trade activities, and global business operations
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

17. Is international dialing complicated

International dialing becomes simple once you understand the structure of exit codes, country codes, and local phone numbers used in global telecommunications
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

18. Can families stay connected through international calls

Families living in different countries often rely on international phone calls to maintain regular communication and strengthen relationships across long distances
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

19. Are calling apps safe for international communication

Many modern calling platforms use secure technology and encrypted connections to help protect voice communication between international callers
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584

20. Is it easy to learn international dialing

Learning international dialing is straightforward because it follows a consistent pattern that includes the exit code, country code, and the destination phone number
(US)+1"866"694"6280"||+44||800||<054>||8541 Uk or ||+52||800||<351>||0319 AU +61 180 095 6584
